Heather Croner Real Estate Sotheby's International Realty Lists Henson Home for \$12 Million

MILLBROOK, N.Y. (Oct. 2, 2015) – Heather Croner Real Estate Sotheby's International Realty today announced it has listed [Bright Bank](#) -- the former Hudson Valley home of puppeteer John Henson -- for \$12 million.

Built in 1848, the 13,892-square-foot mansion and farm buildings occupy 137 acres along the Hudson River on the outskirts of Saugerties, New York. The eight-bedroom property once was part of a 1,000-acre farm and includes a private bay and rights to restore a deep-water dock.

“John Henson was the son of Muppets creator Jim Henson and, until his recent death, was a board member of his father’s company,” said Heather Croner, listing agent for the home and principal broker of [Heather Croner Real Estate Sotheby's International Realty](#) in Millbrook. “John purchased the property with his wife in 2004 and began a multimillion renovation that he was unable to complete before his death. Sited high on a bluff overlooking the river, the property's original architectural details remain largely intact. It is one of the most significant properties in Saugerties -- an architectural gem set in a beautiful, bucolic landscape.”
